

Telephone Consultations

Telephone consultations are available by appointment. In order to schedule an appointment you must fill out the intake form (see patient handout page) and email it back or fax it to my private practice at the Media Wellness Center (fax # is 610-892-6986; see About Us page for address and other information). Payment must also be sent in. When the intake form and payment are received, you will be called to set up an appointment. Phone appointments are 60 minutes and the cost is \$135.00.
